One of the Third Party papers unflinchingly makes a good point on the racing of Erwin on the ticket for Governor instead of Barbour. It says that Erwin was so long making up his mind that time was not allowed to select a "suitable" candidate. There will be few persons but will agree to this. [Farmers Home Journal.]

J. G. Trimble left on Friday for Salyersville to re-locate the county seat of Magoffin county, under an act of the Legislature appointing him and others commissioners. The present site is so much subject to overflow from the Licking River, that it is necessary to find higher ground for the public buildings. The act provides that they shall not be moved more than a mile from the present site.

It is astonishing that people through neglect will trifle with health for years in the vain hope that some accident will bring them the relief which never comes. It is safe to say that in competent hands almost every case of disease is curable. It is only unsuitable remedies which fail and disappoint. Dr. Bogman has been before the public thirty years, and the cures he has effected in the most difficult cases have won the admiration of all. While many of his cures have seemed to be miraculous, such is not the case. They were but the result of his thorough knowledge of, and skill in his profession. He will be at the National Hotel, Saturday, July 4th, and invites all who are afflicted to call. Consultation and examination is free.

Dr. A. Goldstein, the oldest and most skillful oculician of Louisville, is still in town stopping at Mrs. Mat. Coleman's. The Doctor has been kept very busy during his stay among us and has supplied a number with glasses that could not secure suitable ones elsewhere. His experience of forty-seven years gives him a great knowledge in his profession. Persons, young and old, whose eyesight is bad and painful, will be benefited. Dr. Goldstein examines the eyes and gives suitable glasses to relieve whatever trouble may be existing. Any call for his services left at Mrs. Coleman's will be promptly attended to.

Geo. H. Lake, the well-known insurance agent of Louisville, has filed suit for \$10,000 damages against the N. N. & M. V. R. R. Co. The suit was filed in the Common Pleas Court of Fayette county.

WHAT HE CHARGES.

Plaintiff says in his petition that on the 19th day of June, 1891, he purchased a ticket at the railroad ticket office of defendant in Mt. Sterling, Ky., that entitled him to ride as a passenger for hire on defendant's railroad from Mt. Sterling to Winchester, Ky., and that he immediately thereafter went into one of the passengers' waiting rooms of defendant at said place to wait for the train for which he intended to ride as a passenger, and that while there, quietly and peaceably seated in the waiting room waiting for the train, the assistant ticket agent of the defendant, who was at the said time one of the defendant's servants and employees, procured one Kavanaugh Tipton, the jailer of Montgomery county, then and there a peace officer of said county to seize and assault plaintiff, who was violently and repeatedly shaken and bruised by said jailer, and that he was so assaulted and bruised that he had to leave the waiting room.

Justice.

The following unexpected and unsolicited testimonial to the ability and success of a gentleman, who is not unknown to our readers, is reproduced here in justice to the physician named.

The case referred to was one which, under any ordinary treatment, would have required a most extensive and dangerous surgical operation for its relief.

"Triumphs in surgery" are grand, but triumphs over surgery are humane.

WONDERFUL CURE.

"Mr. E. D. Fryman, of Venus, called at this office Tuesday, and we noticed that he seemed extremely happy and contented with the world in general. We incidentally inquired the cause of his happiness, and in a few words he told us of the wonderful cure effected by Dr. Bogman, whose face is familiar to the Democrat's readers.

"Mr. Fryman's accomplished daughter has been ill for several years, and this eminent physician has effected a remarkable and speedy cure. We congratulate Mr. Fryman and his daughter." [Editorial Cynthia, Ky. Democrat, July 4, 1890.]
